EVERYONE WELCOME

NO CHARGE

PROGRAM

AVIATION SAFETY SEMINAR

AIRSPACE / PROCEDURES: Lincoln ATCT and Columbus Flight Service representatives will provide an update on the services they offer to enable you, the pilot, to have safe, more enjoyable flight operations.

REGULATIONS: The FSDO will review and discuss Airworthiness and Maintenance regulations for aircraft and the responsibilities of owner/operators(s) with respect to the regulations. If you have any specific topics that you would like to have discussed please contact the FSDO.

ACCIDENT AND WINGS PROGRAM REVIEW: The Pilot Proficiency Award Program (WINGS) will be reviewed. Learn how it will benefit you as a pilot to participate in this program. The latest accidents in Nebraska will be discussed and how we can learn from other pilots' mistakes.

This program meets the safety meeting requirements of the FAA Pilot Proficiency Award (WINGS) Program. Completion of the requirements of the Wings Program as outlined in AC 61-91H, will qualify you to receive a Wings lapel pin and wall certificate. Additionally, if you satisfactorily complete a phase of the Wings Program within the period specified by Section 61.56 of the FAR's, you need not accomplish a flight review. Your local Aviation Safety Counselor (ASC) may be contacted for additional information.
